

# Nicholas B. Frisch, M.D.

**NICHOLAS B. FRISCH, MD | MBA**, is an orthopaedic surgeon fellowship trained in hip and knee replacement. He and his dedicated staff believe in creating a very personalized experience with the highest level of quality. His practice philosophy centers on the importance of individualized service throughout the continuum of care and recognizes the benefits of efficiency and innovation.

Dr. Frisch's practice focuses on minimally invasive joint replacement and complex primary and revision hip and knee reconstruction. He utilizes specific pain management protocols that allow for rapid recovery and faster return to normal activity. Select patients may qualify for outpatient joint replacement and go home the same day as surgery.

At Tufts University School of Medicine, Dr. Frisch earned his MD and MBA in Healthcare Management.

He was awarded the Norman S. Stern MD|MBA Award for excellence in academics and leadership. He has since gone on to complete his orthopaedic residency training at Henry Ford Hospital and his fellowship in adult reconstruction at Rush University Medical Center in Chicago. He was selected as a Health Policy Fellow for the American Association of Hip and Knee Surgeons. As a Policy Fellow, Dr. Frisch has been able to actively advocate for legislative agendas that benefit both his patients and the joint replacement community.

As a dedicated researcher, Dr. Frisch has won several awards in basic science and clinical research, as well as health care innovation. His current clinical research interests focus on the treatment of hip and knee degenerative disease, implant design, corrosion, and perioperative patient optimization including

outpatient joint outcomes. He continues his engagement in value-based reimbursement and quality care initiatives.

Dr. Frisch is a member of the American Medical Association, American Academy of Orthopaedic Surgeons, American Association of Hip and Knee Surgeons, Mid-America Orthopaedic Association, and Michigan Orthopaedic Society. ■
